SKILL

Hard Skills:

- HTML
- CSS
- React.js(Frontend, JavaScript)
- Node.js(RESTFul APIs)
- MongoDB(Backend)
- AI(python)

Softwares:

- Visual Studio,VS Code
- Netbeans
- MongoDB,MySQL
- Ubuntu

Volunteer work

- Deputy Head in conferences Softec'24
- Have done work for Fast Care society

Courses:

Programming
Fundamentals(C++) Database
Systems (SQL)
Software Design
Data structures
Operating Systems (C, Ubuntu)
Assembly Language
Artificial intelligence
Software engineering
Web development

About me

Hello, I am Sidra. With a solid foundation in web development and artificial intelligence, I have honed my skills through hands-on experience with the MERN stack (Node.js, React, MongoDB). Over the years, I have successfully created and launched various projects, including a bookstore, blog website, news website, and psychologist app. Eager to bring innovative solutions to clients and contribute to their digital success.

CO-OP EXPERIENCE

○ Monodyne (2023(June)-2023(September))

Internship as MERN Stack Developer

Gained hands-on experience with the MERN stack (MongoDB, Express.js, React, Node.js).

Cloned various web pages, ensuring they were fully responsive and optimized for different devices.

Collaborated with a team of developers to implement and refine web solutions.

Enhanced problem-solving skills and ability to work in a fast-paced, dynamic environment.

Freelancing:

Successfully completed various web development projects for clients, delivering high-quality and tailored solutions.

Specialized in using the MERN stack (MongoDB, Express.js, React, Node.js) to build dynamic and responsive websites.

Created and deployed custom web applications, including a bookstore, blog website, news website, and psychologist app.

Worked closely with clients to understand their needs and provide innovative solutions to enhance their online presence.

Projects:

- Blog Website (both front-end and back-end in Node js,React Js,MongoDb)
- Mindmate(React Js,Node js app and using Ai recommendation system,chatbot)
- Chatbot(using machine learning,AI) • News360 (react js)
- Bubble shooter game(C,C++)
- Flappy Bird game (unity)
- Timetable management system
- School management system
- Bookstore management system
- Racing Car game(in assembly)
